

Card Sketch: June 2025

1. Cardstock cut to 8.5" x 5.5" and folded at 4.25" to make a 4.25"x5.5" card.
2. From mixed media, cut a 4"x5" piece (I've included a separate handout for the "View Finder")
3. Stamp your greeting/sentiment on a 3"x .75" scrap of cardstock. Adhere to card.
4. Add an embellishment if you desire!
