### Directions:

- Create the cardstock base.
- Trim cardstock piece to size and emboss. Edge with Antique Linen Distress Ink. Adhere to cardstock.
- Trim pattern paper, ink edges, and adhere to card.
- Cut a piece of pattern paper 1" x 2.5"; ink edges with Vintage Photo Distress Ink.
- Stamp the sentiment "love and affection" on scrap piece (approximately ¾" x 2.5") of One Perfect Day paper and adhere to strip. Adhere piece to card with 1/4" double-sided tape.
- Adhere flowers as a "bouquet." I used adhesive for the foliage and 3D adhesive squares for the blooms.
- For inside card, cut a pattern paper piece 3" x 4". Ink edges and stamp sentiment, "Sending Love" with Vintage Photo ink. Center and adhere to card.
- From Heidi Swapp's Color Collective kit, "Aged," select tag and heart embellishments. Tie with pink twine and adhere to card.
